

The Sheep

...to ensure that the wonderful wools provided by the Herdwick and Swaledale are put to good use.

The Landscape

...to ensure that the sheep are able to continue to play their part in maintaining the uplands and lowlands of Cumbria.

The Customer

...to provide a more satisfying service by dealing direct with our customers.

Our Ethics

The UK

...to convert from fleece to floor within the UK, and more specifically, within 100 miles of the centre of Cumbria using well-established partner suppliers.

The Product

...to convert the strong bulky grey and white fibres into a durable, high performance carpet in a range of natural shades and textures that reflect the Cumbrian landscape.

How to Order

Simply contact us by phone or email.

We will send samples and prices.

Measuring, delivery and fitting are arranged at a time to suit you.

We will supply carpet to anywhere in the UK.

For every square metre of carpet sold, we make a donation to the respective sheep breeders' association.

Bring the shades of the Cumbrian fells into your home or business. Our popular *Graphite* collection offers a range of natural grey shades.

Made from 100% Herdwick or Swaledale wools in 4 metre wide broadloom (5 metre to order), these carpets have 'heavy commercial grading.'

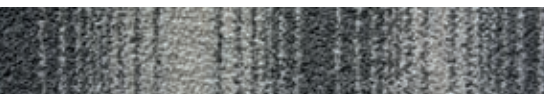

GRAPHITE

DESIGNER GRAPHITE

Our collection of striped carpets in the natural greys of Herdwick and Swaledale wools brings a contemporary twist and co-ordinates well with the plain *Graphite* range.

Great for the modern apartment or conversion, but equally at home in a 16th Century corridor or staircase.

We try to maintain constant stock of every shade in all of the *Graphite* ranges.

GRAPHITE WILTON LOOP

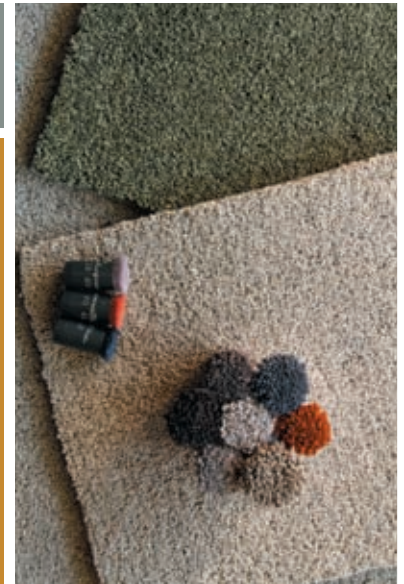

Here the versatile Herdwick and Swaledale wools take on a completely new textural effect. Our exclusive range of loop pile carpets gives a clean linear appearance whilst providing a different feeling underfoot from the standard cut-pile carpet. This elegant carpet comes in two natural shades.

COLOURWASH

Be Creative!

Our Herdwick or Swaledale base yarns can be overdyed to a shade of your choice. Simply send us a piece of your fabric or wallpaper, or even describe your idea to us, and we can produce a sample tuft for your approval. *Colourwash* produces the ultimate individual carpet, helped by shades of the sheep who graze the fells. Please note this is a bespoke product with a minimum order quantity.

UNDERLAY

To complete the package, why not support your new WOOLS OF CUMBRIA carpet with our 100% Wool Herdwick *underlay*...
